

QUALITY POLICY

A Quality Policy is the foundation of an effective Quality Management System that supports good business practices, honours a company's core values and facilitates accomplishing strategic business objectives.

Our Core Values

Core values are the foundation of all business processes. It includes:

EXCELLENCE. COMMUNITY. SUSTAINABILITY.

Our Quality Objectives

KREON Technology's quality objectives are defined as:

SATISFIED BUSINESS PARTNERS

KREON Technology strives to understand and honour the needs of business partners effectively and efficiently.

CONTINUAL INNOVATION AND IMPROVEMENT

KREON Technology promotes a culture of continuous improvement of business processes, people, technologies, and skills.

PRODUCT EXCELLENCE

KREON Technology aims to achieve an exceptional standard of excellence and performance for all products and services.

SUPERIOR RESOURCE MANAGEMENT

KREON Technology strives to ensure that all resource items, regardless of the business process, is of superior standard and governed efficiently.

Our Commitment

On all functional and operational levels, KREON Technology is committed to ISO 9001:2015 and the good business practices it encourages. The Quality Management System shall be reviewed regularly and improved continually to satisfy the core values and objectives set out by the Quality Policy.
